Dear parents and guardians,

This week we celebrate St Patrick's Day for the first time since 2019. We hope you all have a lovely long weekend.

- School is closed on Thursday 17th and Friday 18th for St Patrick's Day.
- On Wednesday we are having a **Lá Glas (Green Day)**. Children can dress up in green to celebrate St Patrick's Day.
- We are having a **Easter Fund Raising Raffle** to support families who have had to leave their country in Ukraine. **Tickets are 50 c** and all profits will be given to agencies that support those who have had to leave their homes.
- Children in the senior classes had **Internet Safety Talks** on the 8th and 9th of March. These talks were funded by the Board of Management.
- Children in the Junior Classes had a **Scoot to School Day on March 8th**. Ms Gordon also organised Scooter Safety Workshops for the children.
- Last week was **Engineers Week**. The children were involved in different projects throughout the school. Many thanks to Deirdre and Willie Lalor for visiting the Senior Classes to talk to them about working in engineering.
- Well done to 5th class who had their lockdown Mindfulness Work published in a book organised by Sligo Library. The book is called **Breathe, Read, Relax**. A special thanks for Ms Greene for organising this work.
- Ms Cooney is preparing a choir for the Confirmation which takes place on April 3rd this year. Thank you to all the children who have offered to join the choir.
- There are lots of lovely photos on our website at the moment showing some of the work that is happening in our school. Why not have a look!

- Thank you all for continuing to help keep our classrooms safe during Covid 19. Numbers of Covid are high everywhere at the moment. If there is a confirmed case of Covid in your child's class we will send a text to let you know. Children who have symptoms of Covid 19 or children who have tested positive should not attend school.
